MINING, BUSINESS AND STOCKS.

LESTER MANGUM OUT WITH A STATEMENT

Says Breaking Down of Sampling Works at Silver City and Repairs Necessitated a Shut Down.

(Special to the "News.") Provo, July 23 .- A statement was is sued this morning by W. Lester Mangum, manager of the Knight smelter at Tintic, in which he gives the reason for the complete shut down of the plant. The statement is as fol-

"The furnaces will be blown out in a day or two, long enough to take out the present blast pipe, which was originally put in for two furnaces, but is now inadequate for four or five furnaces. A complete shut down would not have been made had it not been for the break down of the Taylor & Brunton sampling mill at Silver City. This accident with the dismantling of our own mill a week ago for repairs, made it impossible for us to sample our own or custom ores and we have simply sold Colorado and Iron Blossom ores and diverted custom ores for a short period of two weeks during which we shall be closed. "The furnaces will be blown out in a

shall be closed.
"Things will be put in condition for nine months or a year.
"The smelter is not going out of busi-

hess."

It was also learned this morning that the Grand Central and Victoria companies have made arrangements for their ores to be treated by an outside smelter. It is not known whether these mines will continue to send their ores to the Knight smelter after the plant is repaired and the new plant put in. put in.

MARKET IS STILL BETTER.

Conditions of Salt Lake Stock and Mining Exchange Back to Normal. Conditions on the Salt Lake Stock and Mining exchange were back to normal today and prices throughout the morning session, were better. Buying was more active than for several weeks and the market took on a firmer

morning, but the majority of stocks morning, but the majority of stocks were strong. Colorado was at \$1.95 to-day and the brokers failed to shake the price lower. Columbus Consolidated dropped a few cents, but it was stronger than it has been in several weeks.

Grand Central was remarkably strong and held its own in spite of strong and need its own in some at heavy selling. I ron Blossom was at \$1.32½ again today. Every stock, with perhaps one or two exceptions, showed a steadier and stronger tone. The total number of shares sold this

The total number of shares sold this morning was 50,000 and the amount represented was \$49,35.50. AFTERNOON QUOTATIONS.

MAKES NEW STRIKE

Body of High Grade in Their Re-

Another strike was reported from

he Silver Island district today by Mur-

ray E. King, and associates who are

working a property 16 miles from

Wendover on the Western Pacific and

which will shortly be incorporated as

the Silver Island Mining company. According to Mr. King the new tunnel on the property, which is 100 feet below a faulting plane has run into the old vein at a distance of 40 feet from the portal. From this vein \$10,000 was taken out last winter which netted the

company over \$8,500.

The property was recently taken over by Mr. King, I. E. Pratt and a number

of other men. It is composed of 15 claims. The vein from which ore was taken ran the length of the prop-

erty for nearly a mile and in its course ran directly through a cliff. Four dis-tinct veins outcrop on the property. The face of the tunnel has run into

The face of the tunnel has run into a high grade vein of ore which averages \$1.10 a ton. The vein is from eight inches to two and a half feet wide and appears to be thoroughly impregnated on one side with high grade copper, while the other side of the vein is highly crystalized and runs high in

From trenches and surface workings in the levels above the high grade shipments were made last winter. The

smplients were made has whiter. The smelter returns from the shipments showed 190 ounces in silver, 34 per cent lead and 5 per cent copper. A fault was found at a distance of 30 feet from the surface and for that reason the original owners, after pocketing the first sum of money quit

eting the first sum of money quit

The present body is found below the faulting plane and is identically the same ore. The present face of the tunnel at 40 feet, is at a depth of 130 feet or more, which gives at least 100 feet of stoping ground. The high grade can be accepted by seaked for same below the same terms.

cently Acquired Property. . .

IN SILVER ISLAND

have not worked any more men around have not worked any more men around the mines on Sunday than was absolutely necessary to keep things in order for Monday morning.

The change at the Uncle Sam and May Day is somewhat of an experiment, but it is believed that the system will work as satisfactorily there

NEW RULES FOR TRADING.

New York, July 23.—The following changes in the rules for trading in tin, copper, lead and spelter were adopted at yesterday's meeting of the board of managers of the metal exchange, to take effect Aug. 2.

take effect Aug. 2.

Copper dealings should be confined to standard copper, and no other grade of copper shall be quoted. The minimum of contracts shall be for 25 tons of 2,240 pounds each, and contract shall

of 2,240 pounds each, and contract shall be in form of London standard warrant contracts.

In pig tin the minimum contract shall be for five tons.

In pig lead, dealings shall be in lead known as good merchantable brands, and dealings on the exchange shall be for delivery in New York and delivery in East St. Louis.

Spelter dealings shall be in spelter known as prime virgin spelter and known as prime virgin spelter, and dealings on the exchange shall be for delivery in New York and delivery in East St. Louis.

AFTER GUGGENHEIM SMELTER. Selby Smelter Company Must Show Cause for Alleged Violations.

With the filing of complaints by the farmers of Solano county, Cal., charging the prohibitory injunction against them, the battle against the Guggen-heim smelting trust's interests in California is again on. The officers of the Selby Smelting company have been cited to appear before Judge A. J. Buckles at Fairfield to show cause why they should not be punished for con-tempt of court.

Proceedings have also been begun in

the Alameda county superior court to determine the truth of the charges made in the contempt proceedings.

President H. B. Underhill, Vice President Eugene B. Bralen, Asst. Supt. Engelhardt and Directors W. H. Chickerng and George H. Whipple have all eccived contempt orders. In 1905 the fight against the Selby

people began, when the Solano farmers brought suit against the smelter and Judge Harrier of Fairfield granted a perpetual injunction prohibiting the smelter from operating during certain months unless the gases and noxious furnes could be alimineted. fumes could be eliminated.

The final decision in favor of the farmers was rendered in 1908, but it is

sarserted by the farmers that the nuisance has continued, destroying crops and livestock. They say that the company promised to install Cottrell's fume destroyer on the roasters, but five large roasters are not fitted with this apparatus.

MAY BAR SOME STOCKS.

York Brokers Demand Report From Mining Companies.

S. Mendels, director of the Nev York Curb, has his sleeves rolled up for a house-cleaning on Aug. 1 such as the Broad street market has per-haps never known. He has asked companies the stocks of which are listed on the Curb, to line up with the rules of the Curb, and send in reports, at

least quarterly, says the Boston Commercial. He has given them fair warning and as before stated he now has his sleeves up. There is one chance left to the delinquent companies and that chance will be a last one if not exercised by the first of next month. Mr. Mendels says. Along this line he has sent out the says and that chance will be a last one if not exercised by the first of next month. Mr. Mendels says. Along this line he has sent out this final notice:
"On and after Aug, I next the stocks of mining companies, who have not filed treasurer's reports with the New York Curb market agency, will not be "Blank printed forms may be obtained upon application at No. 6 Wall street. No exception will be made in any case whatever." unless many reports come in within the next two weeks, said Mr. Mendels Saturday, there will be a noticeable re-duction in the Curb list.

CONCENTRATES. W. S. Browning, a local stock broker,

Seattle.

W. J. Craig has been called to Los Angeles through the serious illness of Mrs. Craig.

The International Smelting & Refining company has taken half the offices on the sixth floor of the Dooly block. George E. Gunn. manager of the In-spiration, Mason Valley and other cop-per properties, has returned from a vaeation of several weeks spent in

A dispatch from the Inspiration Copper property of Arizona shows that the main working shaft is now down 320 feet and for a distance of 230 feet has been in 2.2 per cent copper ore.

The governing board of the Salt Lake Stock and Mining exchange has agreed to adjourn today until Monday morning in honor of Pioneer Day, which is tomorrow. There will be no call whatever on Saturday.

FRIENDS OF

Have you a friend or acquaintance in your former field of labor, to whom you would like to send a copy of the Saturday or the Semi-Weekly News? If so, take advantage of our special offer, made to aid the great missionary work. We send the paper one year to any point in the United States, Canada or Mexico at half price, \$1.00. This does not apply to points where there are regular wards or stakes.

COPPER STOCKS SHOW STRENGTH

\$ New York, July 23.-Opening dealings in stocks today were on a moderate scale and some fractional gams were the rule. The copper stocks made a good showing of strength, An algamated Copper and Anaconda rising a point, Republic Steel preferred advanced 1%, Union Pacific preferred 1, and the common and Norpreferred 1, and the common and Norfolk & Western large fractions.
The early advance brought out sales
to realize, which forced prices back. New
York Central and American Can preferred sold at a decline of 1. Pittsburg
Coal preferred advanced 2¾ and Utah
Copper 1. The trading became lethargic
with the uncertainty caused by the
fluctuating market.
Fluctuations were feeble and irregular
and did not move prices far from the
previous day's level. Tennessee Copper
and Utah Copper advanced 2, and Rock
Island preferred 1. Missouri Pacific declined 1.
Bonds were steady.

clined 1.

Bonds were steady.

The tone was slightly firmer, but the upward movement was barely perceptible. Trading was intensely dull.

Rock Island rose 1 and St. Louis & San Francisco 1152, without appreciable effect on the general list. American dee fell 1.

PRODUCE. CHICAGO.

CHICAGO.

Chicago, July 23.—Foreign news regarding wheat was again bearish today and weather conditions in this country continued to be ideal for the harvesting and movement of the new crop. The market here opened weak with prices ½ to 5% 6% 1 lower. Opening quotations on July were at 1.12½ to 1.13, and on September 1.63½ to 1.08½. Offerings, however, were not of great volume and the market became steadler early in the day. For a time July held within the ogening range but September advanced from 1.08 to 1.08½.

Corn was firm at the start owing to a scarcity of offerings. Continued light receipts had a tendency to check selling. July opened ½ lower at 7½ and sold up to 7½. September, which opened a shade to ½ 6% higher at 67 to 67¼, advanced to 57½.

Oats were bearishly affected by the favorable weather for harvesting. Prices at the opening were unchanged to ½ lower, July beling at 45% and September at 40¼ to 40%. Later September sold off to 40¼ 6¼ but July for a time held the opening figure.

Provisions were dull but steady. Prices at the opening were a shade higher to 2½c. lower.

Wheat—The market became still weaker during the last half of the day owing to stop-loss selling, part of which was prompted by sharp declines at Minneapolis and Duluth. For July the low point was reached at 1.11 and for September at 1.06%. The close was weak with July off 1% at 1.11%. September was down 1½ at 1.07.

Corn—The market developed considerable strength later in the day, July advancing to 72½, At the same, time September sold up to 68. The close was strong with July up ½ at 72½c September was 5% higher at 67½ 6%; Dec., 1.06%, May, 1.08%.

Close—Wheat—July, 1.11%; Sept., 1.08; Dec., 1.06%, May, 43@ ½.

Pork—July, 20.85; Sept., 67½ 6%; Dec., 57½; May, 57½.

Onts—July, 20.85; Sept., 11.75½; Oct., 11.65; Jan., 9.20.

Rye—Cash, 80. Sept., 78½.

Barley—Cash, 80. Sept., 78½.

I is the intention of Mr. Neilson to build a large modern home on the property His son is also going to build a home Pinguiss For Backache, Rheumatism and the Kidneysand Bladder Mr. Neilson is a resident o Salt Lake, though he has property als at Draper. GEO. T. BRICE DRUG CO., 209 Main—Kenyon Pharmacy.

SUCCESSFUL STEEL TIE.

David Athay and L. J. Findlay of this city have invented a steel railroad tie which has been patented, after successful experimenting on Soldler Summit. Resilient properties are given the tie through a cushion of wood, the width of the rail and tie, while clamps on the tie secure the rail.

Twenty-fourth Ward-A farewell en-Twenty-fourth Ward—A farewell entertainment will be given in the Twenty-fourth ward meetinghouse on Wednesday, July 28, at 8 p. m., in honor of Elder William L. Coles, who leaves August 7, on a mission to the Sandwich islands. Those taking part on the works are Edus Stockey. sandwich islands. Those taking part on the program are: Edna Stookey, Lillian Hunter Coles, Samuel D. Winter, Myra Bates, Prof. Kellersberger. A. C. Crawford, Vida Fox, Murray Snow, Mrs. Lizzie T. Edwards, Marie Thomas. There will also be a native song given by Hawaiians and a quartet
